Ninth Grade Honors BIOLOGY Application
South Jordan Middle School

Eighth grade students have the opportunity to apply for ninth grade Honors Biology. This class will be taught by Mrs. Reddish, Mrs. Bostwick and Mrs. Fenwick. You will NOT be able to choose your teacher, BUT we will be collaborating together on curriculum and assessments.

Applications are due on or before Monday, February 22nd by 3:00 p.m. and turned into your 8th grade science teacher. Late applications will place students on a waiting list.

Please read the course description below. Both the student and parent need to sign that they have looked through the presentation on the school’s website and understand the course requirements which includes a summer project. **Students must complete the information on the front and back of this form before turning in application.** When the application is complete take this registration form to your 8th grade science teacher.

Name of Applicant (Please print)________________________________________

| Biology: Biology is a high school level class normally taken by most Utah students in 10th grade. Students that take Biology are taking this class so they can take more difficult and AP levels science classes in 10th – 12th grade. While Biology curriculum does not include extremely challenging concepts, taking Biology in 9th grade means you will need to take BOTH Chemistry and Physics in High School (both classes being very “math heavy”).
To prepare students for this more advanced science path Biology has been designed to introduce you to the same amount of workload.
• This course requires a summer project.
• Required - Secondary Math 1H or higher in 9th grade. |

(Please complete the other side of this form.)
APPLICATION CHECKLIST - This must be complete before getting signatures.

Name of Applicant (please print):
__________________________________________________________

Student ID: ________________________________

☐ Write your SRI score here: __________________________
This can be obtained on Skyward or from your Language Arts teacher.

☐ Staple a current Skyward printout to this application.
