

## AP Human Geography Due Dates for Summer Assignments and Map Tests

**ALL maps and the study guide assignment are due on Friday, August 19, 2022**

It is very important that students have a spatial understanding of where specific places and physical characteristics are located on the earth's surface prior to studying human geography. Students will have a map test on each of the following dates beginning Tuesday, August 23<sup>rd</sup>. Find apps, websites, or other study aids that are useful for memorizing this type of information. The website [lizardpoint.com](http://lizardpoint.com) is great for countries. The website <http://www.sheppardsoftware.com/> is very helpful for countries, but it does not cover physical features. The site <https://www.seterra.com/> is a good site for geographic features.

Tuesday, August 23:	North America, Central America, and South America
Tuesday, August 30:	Europe, and Russia and the Eurasian Republics
Tuesday, September 6:	East Asia and Southeast Asia
Tuesday, September 13:	Middle East and South Asia
Tuesday, September 20:	Africa

**TEST FORMAT:** Students will receive a map with numbers and letters indicating countries, cities, and physical features on it. They will be asked to write the correct name of each political or physical feature on an answer sheet. **A word bank will NOT be provided for any of the exams. Exact spelling is not required** because these assessments are not spelling tests. However, the answers students write on the answer sheet need to be fairly close to the correct spelling so each test can be corrected accurately.

**THESE TESTS ARE DIFFICULT AND REQUIRE A LOT OF PREPARATION.**

**THERE ARE NO TEST RETAKES IN AP.**

**YOU MUST STUDY! BEGIN EARLY!**
