

Earth Science Disclosure Addendum

We may watch all or parts of the following movies that require parent permission:

October Sky (problem solving and intro to space exploration)

Apollo 13 (problem solving and conclusion to space travel)

Monty Python and the Holy Grail (small segment demonstrating the scientific method)

Finding Nemo (ecosystems and oceanic currents)

The Lorax (environmental concerns)

PBS and similar public format documentaries related to current content unit

Jordan School District requires permission for students to watch movies that are rated PG. If you choose to not have your student watch the movie, please contact Mr. Grable or Mr. Noxon and your student will be provided an alternate assignment to replace the one they were not able to participate in.
