**Course Goals:** The two main focuses of this course are reading fluency and reading comprehension. Both skills will be targeted with the ultimate goal of reading at grade level. Student's individual IEP goals will be addressed and tracked in this class as well.

**Course Reading and Books:** Students will access a wide variety of short reading passages to practice comprehension and fluency skills, including those provided through Reading By Design. Each student will have a personal reading book they can select from the library, the classroom or bring in from home. There will be a full class read aloud book that the students will vote on at the start of the year. If you have questions about any of these books please contact Mrs. Miller.
