

## Syllabus 2022-2023

### Resource Math 7-9

Teacher: Stephanie Pritchett

#### Curriculum Goals:

My goal is to empower students to be resilient problem solvers. We are going to make math moments in our classroom using math activities and tasks to spark student curiosity and to fuel sense making. We will focus on the big rocks in the math core for each respective grade.

#### Materials You Will Need For Class:

- Calculator Texas Instruments TI-30xII (calculators available in the classroom if needed)
- Chromebook
- Pencil(s)/Pen(s)

#### Contact Information:

Email: [stephanie.pritchett@jordandistrict.org](mailto:stephanie.pritchett@jordandistrict.org)

Phone: (801) 412-2929

#### Grading:

I will be evaluating students on grade level standards/learning goals on a 4 point scale. I will grade products (short weekly assessments, completed work in electronic portfolio), observations and oral conversations. Students have an opportunity throughout the year to improve mastery of standards/learning goals..

Absences: Much of our thinking/learning will be done in class groups. Students who are absent will need to be proactive in getting help for material missed before or after class. Students can make arrangements to come before or after school or PROWL period for help.

4-Point Scale	Letter Grade
4.0 - 3.0	A
2.9 - 2.5	B
2.4 - 2.0	C
1.9-1.5	D
1.4-0.1	F

**Homework:** There will be no assignment homework in this class.

#### Tardy Policy:

Please arrive on time. Class time is precious. When you are late, it distracts the class, you miss important information, and it affects your citizenship.

**Citizenship:**

Honors (H), Satisfactory (S), Needs Improvement (N), Unsatisfactory (U)

The following will get you a citizenship mark: being unprepared, using technology without permission, arriving tardy, behaving inappropriately.

**Classroom Rules:**

Human Kind: Be Both. Classroom rules will focus on choice, respect, and responsibility. Please act in such a way that you do not make anyone else's day more difficult.

**Consequences:**

The following things may occur when a student chooses not to follow classroom rules:

Verbal warning, Conference with Student, Seat changes, Parent contact, Referral to administration

**Cell Phones:**

During class time, cell phones should not be out. A student is expected to keep their cell phones in their backpacks at all times. Any cell phones out during class time will be collected and confiscated until the end of class. Any further infractions will result in the cell phone being taken to the front office.
