Grading Standards:

We will follow the South Jordan Middle School grading scale which can be found in the handbook

Assessments will be 80% of your overall grade.

- Sewing samples
- Unit quizzes
- Sewing projects
- State Competency Test or Final

Practice activities will make up the other 20% of your grade.

- Notes and other class activities

A **state competency test** will be given at the end of the semester as your final. This test is required for all students and will count as your final test. You cannot retake the state competency test. However, if after taking the test, you do not like the grade you received, you can take a class final to replace your state competency test grade. The date of this exam will be given well in advance so you may prepare and plan to be in attendance that day.

We will follow all South Jordan Middle Guidelines found in the student handbook.
